Critchfield Meats

Bakery -

Customers love to stop by and carryout all the many varieties of homestyle made-from-scratch cakes, pies, and other baked goods that we bake fresh daily right in our retail stores. But of course, many baked goods are impossible to ship worldwide (a coconut cream pie doesn't travel well.) However, Critchfield's Famous Jam Cakes and Fruit Cakes are available online because we have perfected a method of shipment that allows us to get them to you as fast and fresh as possible with quality assurance guaranteed. And that's good, because folks tell us our Famous Jam Cakes and Fruit Cakes are as welcomed in Lexington, Massachusetts, as they are in Lexington, Kentucky.

A word of caution about Critchfield's Famous Jam Cakes—you may have to hide them! Because, once your family sneaks a taste of the hearty blackberry jam; plump juicy raisins; crunchy pecans; and thick dreamy caramel icing, there may be no dessert left. [\[Product Details...\]](#)
